

sandy ali basha

Front-End developer

As a front-end developer with 3 years of experience, I have a strong in creating interactive and visually appealing websites. I am particularly interested in CSS animations and am always looking for new ways to bring my designs to life. In addition to my skills, I am a team player who enjoys collaborating with others to find the best solutions. In addition to my front-end development skills, I also have experience in UI/UX design, which allows me to bring a unique perspective to my work.
